Born CONFIDENT

The T-Roc R has been the powerful flagship of the compact SUVs from Volkswagen since 2019. Pre-sales of the new edition of this performance model are now underway. The new T-Roc R impresses with a 250 NM -4cylinder TSI engine, 7 Speed Automatic transmission gearbox. This combination and other technical features ensure exceptional agility, which is reflected in both the dynamic exterior design and the high-quality interior. The dynamic crossover model now also features innovative technologies from higher vehicle classes.

CONFIDENT

Distinctive appearance. The vehicle's dynamic personality is also clearly shown by the exterior appearance of the new T-Roc R-Line. The newly designed model-specific front end has a particularly muscular look with a bumper in R styling and striking vertical daytime running lights. The Led headlights are standard in both trims Life & R-line. dark-tinted LED tail light clusters and also the R logo on the black radiator grille and boot lid underline the distinctive exterior appearance of the new T-Roc R-line trim. The interior is distinguished with its R-specific trim elements, high-quality accents are provided by the standard Digital Cockpit, which is also available in T-roc Life & T-roc R-line. The new and particularly elegant surfaces of the dash panel with decorative stitching, the new sports leather steering wheel and the infotainment system display in tablet design.
